SECRET

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Friday - 9 April 1971

25X1A

1. (Secret - GLC) [REDACTED] OSR, called to say that ACDA Director Gerard Smith had used a top secret code word Agency chart in briefing Senators Pastore and Symington at the SALT talks and Symington requested a copy of the chart. Mr. Stoertz, to whom the request was made, advised this was a matter which would have to be taken up at Headquarters on the Senator's return. The graphic is identified by CIA 98174, dated April 1970.

2. (Secret - GLC) Attended a meeting of DDP and Air Force representatives on the case of Dr. Glaco Partel. Air Force representatives agreed that discussion of this case with Chairman George Miller, House Space Committee, should be undertaken by the Air Force, but I offered to check through the Committee staff to determine the relationship which exists between Partel and Chairman Miller.

3. (Secret - GLC) In response to my query [REDACTED] 25X1A DIA, advised that DOD had given Mr. James Woolsey, Senate Armed Services Committee staff, only a one time access clearance for code word material and had not processed a full compartmented clearance on him. They are delaying this pending a written request from Chairman Stennis.

4. (Secret - JMM) Richard Perle, of the staff of the Subcommittee on National Security and International Operations, requested information on Soviet research and development regarding lasers. I said I would try to provide this information.

5. (Secret - JMM) Met with Dorothy Fosdick, Staff Director of the Subcommittee on National Security and International Operations, regarding a questionnaire she had asked us to fill in on facts and figures regarding certain Soviet strategic weapons. Per instructions from the Director and in coordination with Mr. Duckett, I gave her rounded figures and persuaded her to delete certain specific sensitive details from her original draft. I also pointed out to her reasons for our reluctance to become involved in sanitizing for publication material of such sensitive or controversial nature. She said she appreciated our problem, and assured me that she and Senator Jackson would scrupulously protect the fact that the Agency had been in any way involved.

In response to her questions, I told Miss Fosdick of our latest information on Soviet ICBM silos, Soviet weapons in Egypt, and Soviet submarine developments.

6. (Confidential - JMM) Called Wilfred Rommel, Assistant Director for Legislative Reference, OMB, to tell him of our proposed response to Chairman Hanley's letter to the Director regarding upcoming bills on protection of privacy of Federal employees. Mr. Rommel said he had not focused on the question and I agreed to send over our draft response for his review before we take further action. Mr. Rommel said he would be back in touch early next week.
